AIMAN IQBAL

Front-End Developer | React.js · Vue.js 3 · JavaScript · Responsive Web Design

Lahore, Pakistan | 0322-9303618 | aimaniqbal429@gmail.com

LinkedIn: linkedin.com/in/aiman429205 | GitHub: github.com/Aiman-28 | Portfolio: aiman-portfolio-jet.vercel.app

PROFESSIONAL SUMMARY

Front-End Developer with a BS in Information Technology and hands-on internship experience building responsive, user-friendly web applications with HTML5, CSS3, JavaScript (ES6+), React.js and Vue.js 3. Built 12 projects with Vue.js 3 and React.js, including booking, appointment, e-commerce and portfolio applications. Experienced in creating reusable UI components, working with Git/GitHub in a team, and following accessibility and usability best practices. Seeking a junior front-end developer or internship role where I can contribute to real-world projects and keep growing.

TECHNICAL SKILLS

- **Languages:** HTML5, CSS3, JavaScript (ES6+), Python (basic)
- **Frameworks and Libraries:** React.js, Vue.js 3 (Vue Router), Bootstrap
- **Concepts:** Responsive Web Design, Reusable Component Architecture, Accessibility (a11y), REST API Integration, User Testing
- **Tools:** Git, GitHub, VS Code, Vite, Shopify

PROFESSIONAL EXPERIENCE

Vue.js Developer Intern | CMIT | Lahore | 5 Months

- Built a frontend-only Hospital Appointment System using Vue.js 3, Vite and Vue Router.
- Implemented localStorage-based authentication and data storage, CRUD operations, dashboard statistics, and search, filter and sort features.

Front-End Developer Intern | Skillnax, Lahore | 2 Months

- Developed and maintained responsive web applications using HTML5, CSS3, JavaScript (ES6+) and React.js.
- Built reusable and modular UI components following modern front-end best practices.
- Used Git and GitHub for version control, collaboration and branch management in a team environment.
- Collaborated with team members to review work, fix bugs and improve user interface quality.

PROJECTS

Vue.js 3 Projects

Event Seat Booking System | Vue.js 3, Vue Router | Live Demo | GitHub

- Built an interactive booking app where users browse events, select seats and confirm their bookings.

Hospital Appointment System (Holistic) | Vue.js 3, Vite, Vue Router, localStorage | Live Demo | GitHub

- Built a frontend-only appointment system with signup, login and logout, covering appointments, patients and doctors, with data stored in localStorage.
- Implemented full CRUD for appointments, a dashboard with summary statistics, and search, filter and sort features.

Expense Tracker | Vue.js 3 | Live Demo | GitHub

- Developed a tracker to add, edit and delete transactions and view income, expense and balance totals.

Weather Forecast App | Vue.js 3, Open-Meteo API | Live Demo | GitHub

- Built a weather app with Vue.js 3 and the free Open-Meteo API, featuring city search, current conditions, a 7-day forecast with animated icons, an hourly view for each day and recent searches saved in localStorage.

Business Services Website | Vue.js 3, CSS3 | Live Demo | GitHub

- Created a responsive business website presenting services, details and contact information.

Reactivity Visualizer | Vue.js 3 | Live Demo | GitHub

- Built an interactive tool that visualizes how Vue 3 reactivity tracks and updates state changes.

KYB Registry Console | Vue.js 3 | Live Demo | [GitHub]

- Built a KYB (Know Your Business) registry console interface for looking up business registry information.

Facia Liveness Demo | Vue.js 3 | Live Demo | GitHub

- Built a web demo of facial liveness verification to check that a real person is present.

React.js Projects

E-Commerce Website | React.js, JavaScript (ES6+), Bootstrap | Live Demo | GitHub

- Built reusable React components for product listing, product details and shopping cart.

Hospital System | React.js, JavaScript (ES6+) | Live Demo | GitHub

- Developed a responsive hospital system interface for managing appointments and doctor and patient information.

Institute Website | React.js, CSS3 | Live Demo | GitHub

- Created a responsive institute website presenting courses, admissions and contact details.

Portfolio Website | React.js, CSS3 | Live Demo | GitHub

- Designed and developed a responsive portfolio showcasing projects, skills and contact details.

EDUCATION

Bachelor of Information Technology (BS IT) | The Islamia University of Bahawalpur | 2022 – 2024

ADP in Computer Science | Superior Group of College, Hasilpur | 2020 – 2022
